

INVITATION

Global Road Safety Partnership

20th Anniversary Event

Andrew Bradley, the Chair of the Global Road Safety Partnership Executive Committee and David Cliff, the CEO of the Global Road Safety Partnership would like to extend a warm invitation to join us to recognise our 20th year of the GRSP operation.

As a programme of the International Federation of Red Cross and Red Crescent Societies (IFRC), the GRSP is a unique partnership of governments, civil society and the private sector with the mission of reducing road traffic death and injury globally.

Since the Partnership was established in 1999, we have gone on to make a profound contribution to road safety globally. Our 20th Anniversary Event will provide a rich opportunity to hear from road safety experts on the humanitarian crisis that road traffic death and injury represents and to be exposed to evidence-based solutions that are resulting in road trauma reduction.

This is also an opportunity to hear from our members about the benefits of membership of the GRSP that have resulted in long standing commitments by a broad array of organizations committed to supporting road safety.
