

An Accident Free Nation

## Hands-free IS NOT accident-free!

Definition of Accident: An event that happens by chance, without apparent or deliberate cause.

Road accidents don't happen by chance, without a cause. They are usually due to bad driving such as being distracted by a phone call, speeding, reckless over-taking, drinking alcohol, etc.

### Did you know?

Drivers using a phone are **FOUR** times more likely to be involved in a crash.

Data: WHO 2015.
