 - Starting from 10.04.2015, the relevant force will function held on the peak patrol, control, handling of violations stipulated mandatory helmet use for children. This is an action plan to implement the provisions of law on helmet use for children of National Traffic Safety Committee.

Mr. Qu Vietnam Hung - Vice President in charge of the National Traffic Safety Committee said: The treatment will focus on the area around the school, then maintain the planned patrols, control processing order offenses road traffic safety.

Earlier, from 6-9 / 4, the force will examine, reminders, assess the implementation of this provision; Critics held for teachers, school officials, students who violate the regulations on helmet.

Also propaganda, disseminated regulations on helmet for kids on the mass media, in

educational institutions ...

"A paradox exists for many years while the Executive is prescribed helmets for moped riders, motorcycles are performing relatively well with adults, in contrast, this ratio is very low for children. While children are the object always in need of care and protection " - Mr. Qu Vietnam Hung said.

National Traffic Safety Committee hopes, with the message "hat for children, full-parent situation," along with the committed, concrete action, all children entering traffic by a motorcycle, motorcycle, Electric bicycles are helmet.
