# More than 30 enterprises in Tianjin store traffic safety hazard to the community exposure to urge the rectification

2015-11-12 09:15 Bohai Morning Post Comments ( 3 participants)

A - A +

Reporters learned from the Traffic Management Bureau, the past few days, the traffic control department of ongoing traffic safety inspection, in-depth investigation and security risks of each enterprise. Recently, the investigation found that the presence of more than 30 enterprises city traffic safety problems, at present, these enterprises safety supervision traffic police have been ordered to implement the rectification as soon as possible, to eliminate safety hazards.

These problems companies, in violation of the morning 2-5 decommissioning provisions Tianjin bus companies and other enterprises. Owned vehicle traffic offense more, not "cleared" corporate one day love international travel agencies.

Not in place of driver education companies of Constant Tianjin Logistics Limited.

Someone failed to implement real-time monitoring 24 hours after the operation by the driver of illegal GPS monitoring system found inside the unit could not be punished in accordance with the provisions of the implementation of the two bus companies have 67 road convoys, and other companies.
