

GLOBAL
ROAD SAFETY
PARTNERSHIP

Global Advocacy and Grants Programme (Jan 2012 – Apr 2022)

According to the World Health Organization, evidence-based legislation which is effectively enforced reduces road traffic injuries and fatalities. However, only 7% of the world's population is covered by adequate laws which addresses key behavioural risk factors. Through the Global Advocacy & Grants Programme, GRSP provides financial and technical support to organizations advocating for the passage and implementation of evidence-based road safety policies in order to achieve long-term and sustainable reductions in road traffic deaths and injuries.

Key figures at a glance

The boundaries on this map do not imply the expression of any opinion on the part of the International Federation of Red Cross and Red Crescent Societies and are used for illustrative purposes only.
