iRAP Asia Pacific Workshop

'Maximising travel on 3-star or better roads for all road users' Policy, Financing and Design of Safer Roads

DAY 3 – Thursday 26 May 2016

The iRAP workshop offers participants an exceptional opportunity to understand how better targeted and increased investment in safer road infrastructure will play a key role in reaching the SDG target to halve road deaths and injuries by 2020. The workshop will cover policy leadership, innovative financing and performance metrics that can create scale change in the delivery of safer roads that will save lives. Finance, policy and technical sessions will cover the key components needed for success.

The workshop is suited to treasury and finance specialists, policy makers and road design specialists and stakeholders involved in planning, funding, designing or managing road networks.
